AFTER THE DAY. GERMANY UNCON-
QUERED & UNREPENTANT. By
Hayden Talbot. To find out what Ger-
many was planning for the future Mr.
Hayden Talbot armed with very special
credentials, went to Germany soon after
the Armistice, where he succeeded in
interviewing Count von Bernstorff, Herr
Kriegs, Ludendorff, Hindenburg, Dr.
Rastenburg, Maximilian Harden, Dr. Fuhr,
and many other German leaders. As a
result he has a most remarkable story to
tell, that shows Germany fully armed and
equipped for the next Great War—that
of Commercial Supremacy. Price \$3.25

THE SOUTH AFRICAN FORCES IN
FRANCE. By Lieut. Colonel John
Buchan. Written at the request of the
Union Government. Colonel Buchan
has had at his disposal all the official
papers, and has received the assistance
of the chief South African Officers; and
during his service at the front he had
many opportunities of seeing personally
the work of the Brigade. His aim has

been to tell the story of a great military
achievement, one of the finest in the
whole history of the campaigns; and as
the same time, to provide a detailed
account both of the operations of the
infantry and the work of the other ser-
vices, which will be of permanent value
as a war record, both for the men who
fought and for the country which sent
them forth. With plans, maps and
illustrations. Price \$7.50

A SHORT HISTORY OF THE GREAT
WAR. By A. F. Pollard. This "Short
History" attempts to extract the essence
from the masses of detail, and to provide
readers and students with a clear
narrative and reasonable criticism of the
War from its origin to the conclusion of
peace. Price \$3.35

SCIENCE AND LIFE. By Frederick
Soddy, M.A., F.R.S. These essays deal
with the effects of the development of
physical science upon the general prob-
lems of life—national greatness and
prosperity, peace and war, education,
human belief and university ideals. The
sweeping generalisations due to the dis-
covery and investigations of radioac-
tivity form the subject of two of the
addresses, and are largely responsible for
the point of view adopted throughout.

THE STRIKE IN HONGKONG STATEMENT FROM CANTON.

The following statement on the situation is reproduced from the Canton Times:—

"Five thousand mechanics from Hongkong have come to Canton. Five hundred of them are staying at the headquarters of the Mechanics Union; some are visiting their friends and relatives in the country, and others have already found employment in the many workshops and factories in the city.

"The cause of the Hongkong mechanics leaving their work, as everyone knows is due to the men demanding an increase of wages, that is a forty per cent. rise for all grades. The demand is based upon the following reasons, so far as we can gather from the Mechanics Union:—The cost of living in Hongkong has risen to such an extent that it is impossible for the men to live and to provide a margin for contingencies and debts. From our knowledge, the increase in the cost of living in Hongkong has gone up at least forty per cent. of what it used to be: for example, the high price of rice prevailing and the high rentals in Hongkong. It is argued that for the last ten years the men in the three Hongkong docks have not received any increase in their wages, while the foreign staffs have had their salaries increased from twenty to thirty per cent., besides being allowed quarters free and provided with a Provident Fund. None of those mechanics, although they have undoubtedly been the means to provide the profits of the employers and the general improvement of the conditions of the foreign staff.

"The authorities of the dock companies are reported to have agreed to give the men a thirty per cent. increase for the first two and twenty per cent. for the foremen. The strikers insisted, however, on having a forty per cent. increase all round, which their employers could not see their way to complying with. From a former executive member of the Mechanics Union we learn that the men would agree to a forty per cent. increase to fitters and thirty per cent. to the foremen, but they would not consent to any other terms but these, and they would stand firm, as they feel that they are in a position to compel the employers to agree to them.

"The Mechanics Union is, we understand, backed up by local guilds with subscriptions. It is also receiving financial help from the Chinese Engineers' Institute in Hongkong, affiliated associations in Singapore, Tongking and other ports. The Union has seventy thousand dollars as a reserve fund providing for a contingency of this kind, and is disposed to use this money to assist the strikers in obtaining their demands.

"That there is ample employment for the men out on strike is confirmed by the report that many are not being employed in the following places:—The Canton Silk Factory, Engineering shops, Motor Engine Builders, New Dock Company, New Motor Company, the Oxacetylene Welding Company, the Samsui-Fatshan and Canton-Hankow Railways. Agents from factories and engineering works at Fatshan have come to offer employment to the strikers, and we believe that many will avail of it, as the wages are reasonable and the conditions are attractive inasmuch as the men will enter on a profit-sharing basis, which is so common and found to work so successfully with all Chinese industries.

"It would seem from the attitude of the men that the strike will be prolonged for several months unless their demands are agreed to. And if the strike remains too long, we are of the opinion that a majority of the men, if not all, will find permanent employment in Canton, and Hongkong will, undoubtedly, be the loser so long to qualify for their vocations, and whose places will have to be filled by untrained and inexperienced men to the detriment of their employers."

TRADE WITH RUSSIA:

According to the *Nation*, an international movement is afoot in Copenhagen to re-establish relations between Western Europe and Russia as soon as conditions permit. M. Scavinius, the former Danish Minister to Petrograd, is said to be playing a leading role in the movement, the name of which is the "International Russian Relief and Reconstruction Committee." The journal adds that national committees are being formed in Great Britain, America, France, and other countries.

FASCINATED BY DOLLS. WERE THE WOMEN LURED

AN INTERESTING "HARBOURING" STORY.

"Fascination for some dolls given them by a man seemed to have enticed the women," said Acting Inspector Aris, when charging a man, at the Magistracy, yesterday, with harbouring three married women without the consent of their husbands.

Defendant stated that the women came by train, looking for their husbands. As the latter were not at the station to meet them, the women had no place to go to. He pitied them and told them that he would get them a room at his aunt's for the night. The women then followed him. Sergeant Aris said that he had been instructed by the Secretary for Chinese Affairs to ask for a remand. Defendant met the three women at Tamsui, in Chinese territory, and asked them where they were going to. The women informed him that they were proceeding to their husbands' homes to worship. Defendant said that he, too, intended to offer prayers at his ancestors' tomb, which was in the same cemetery, and told him that he would accompany them. They agreed, and defendant, who was carrying some dolls, gave each woman one to carry. The dolls, it appeared, fascinated the women and were supposed to have enticed them away from the purpose they had set themselves to accomplish. The man was alleged to have taken them to Sai Yu Cheong, where they spent the night, and on the following day they were taken by launch to Taiipo and from there brought to a village in Yau-mat. Having stayed there for some days, the man left one of the women at a house, and took the other two to Sai Kung with the intention of selling them. The woman who was left behind managed to make her escape, and while going along the street met a relative to whom she related her adventures. The Police were informed, and the man was arrested. The women were placed under the care of the Po Leung Kok.

The case was remanded for a week to enable the husbands to give evidence.

THE WEST POINT MURDER MAN COMMITTED FOR TRIAL.

In June last a Chinese was fatally stabbed by a comrade in Queen Road West, over an alleged grievance. The assailant then disappeared and the injured man, then suffering from intense pain, though managed to make his way to the Police Station and report the incident. He was removed to hospital, where he died. The Police investigated the matter thoroughly but were unable to trace the murderer till a fortnight ago, when he was arrested on a Coast boat. He was charged at the Magistracy, and the hearing occupied some days. He was committed on Wednesday afternoon to stand his trial at the Criminal Sessions.

LOOKING FOR A FRIEND.

FOUND IN THE WRONG HOUSE.

A Chinese was charged at the Magistracy, yesterday, with being a rogue and a yagabond.

Defendant was found at midnight on the landing of a Chinese dwelling house in Des Voeux Road Central. When questioned he informed the Police that he went to the place in search of a friend.

The reason why he went there so late was that he had paid a visit to the theatre.

Complainant informed the Court that he had lost a quantity of clothing some days previously.

Mr. Smith sentenced defendant to one month's hard labour.

POST OFFICE MESSENGER IN TROUBLE.

ALLEGED THEFT OF ATTESTED LETTER.

At the Magistracy, yesterday, Post Office messenger No. 59 was charged with stealing a letter.

Inspector Watt, of the Post Office, stated that an attested letter was posted at 1.20 p.m. on Wednesday at the post box at the foot of the Peak Road. When the postman brought the letters to the Post Office the particular letter was not found in the bag. It was discovered later lying in one of the boxes at the General Post Office.

The case was remanded for a week, bail being fixed at £200.

ST. STEPHEN'S COLLEGE SPORTS.

SUCCESSFUL MEETING UNDER WEATHER DIFFICULTIES.

MRS. LANDER DISTRIBUTES THE PRIZES.

A feature of the St. Stephen's College athletic sports meeting, held at the Racecourse yesterday afternoon, was the admirable arrangements which prevailed, resulting in the best-organised sports meeting held locally this year. The Rev. W. H. Hewitt superintended everything, and the Rev. C. B. Shann acted as a judge. The hardest worked officials were, of course, Mr. F. A. Britton, the indefatigable Secretary, and the Rev. E. W. L. Martin, who acted as starter. The above-named members of the European staff deserve the highest credit for the success of the afternoon's sports. The guests were well looked after, and perfect order prevailed at the distribution of prizes.

The morning's rain had rendered the course quite unfit for the jumping events, which will be worked off to-day at the University grounds, commencing at 11 a.m. The contests for the junior and senior championship cups, also for a cup presented by an Old Boy, Kwok Shu Kau, for the boy who gains the highest number of points, and a cup for the form the boys of which gain the largest number of points, have, therefore, still to be decided. Up to yesterday evening, for the senior championship, Chiu Hon Chun had gained 14 points and Hung Hwai Ching 11, and for the junior championship, Wong Bron Hin had gained 18 points and Wan Wai Choi 8.

THE RESULTS.

The results were as follows:—

120 YARDS (JUNIOR).—1, Wan Wai Choi; 2, Wong Bron Hin; 3, Ma Hin Lee.

120 YARDS (SENIOR).—1, Chiu Hon Chun; 2, Hung Hwai Ching; 3, Mak Kwok Beng.

100 YARDS (SMALL BOYS).—1, Lim Seow Chuan; 2, Lim Seow Chong; 3, Fan Chi San.

220 YARDS (JUNIOR).—1, Wong Bron Hin; 2, Wan Wai Choi; 3, Ma Hin Lee.

220 YARDS (SENIOR).—1, Hung Hwai Ching; 2, Chiu Hon Chun; 3, Mak Kwok Beng.

SMALL BOYS' MATCH RACE.—1, Fan Chi San.

100 YARDS (OPEN).—1, Wan Wai Choi; 2, Chiu Hon Chun.

QUARTER MILE (JUNIOR).—1, Wong Bron Hin; 2, Hsu Han Lay; 3, Lim Choy Kuo.

QUARTER MILE (SENIOR).—1, Chiu Hon Chun; 2, Hung Hwai Ching; 3, Chan Hing Young.

OLD BOYS' RACE (220 Yards).—1, Chin Kuo Liang; 2, Ng Shu Heng; 3, Fung Man Sui.

EGG AND SPOON RACE.—1, Lo Kwong Hin; 2, Lim Seow Chong.

HALF MILE (JUNIOR).—1, Wong Bron Hin; 2, Hsu Han Lay; 3, Ma Hin Lee.

HALF MILE (SENIOR).—1, Man Kwok Ping; 2, Chan Hing Chong; 3, Chiu Hon Chun.

PUTTING THE SHOT.—1, Chan Ling Thong; 2, Mak Kwok Hing; 3, Hung Hwai Ching.

ONE MILE (OPEN).—1, Wong Hing Tung; 2, Hsu Han Lay; 3, Wong Bron Hin.

SACK RACE.—1, Chiu Hon Chun; 2, Lim Chong Kuo; 3, Wan Wai Choi.

RELAY RACE.—Form I.V.

TWO-OF-WAR.—Form III.

THE DISTRIBUTION OF PRIZES.

After the conclusion of the sports, the Rev. W. H. Hewitt, having explained why some of the prizes were not being given away, said that they were very grateful to Mrs. Lander for having, in the midst of her many engagements, consented to be present and give away the prizes. It was not the first time that she had done so, but no doubt they all felt more than ordinary regret that it would be the last. He felt sure he was voicing the opinion of the students and the staff of St. Stephen's College when he said that they were sincerely sorry that the Bishop and Mrs. Lander were leaving Hongkong. On behalf of the College, he would wish them *bon voyage* and prosperity for thousands of years in the future, as the Chinese would say—(Applause).—Before concluding, he wished to take the opportunity of welcoming back Mr. F. A. Britton, who, after war service, had returned and taken up his post as sports-master. He also welcomed Mrs. Britton, the new sports-mistress; it was the first time she had attended the College sports meeting and he was sorry that, owing to the weather, Happy Valley was not at its best. He had also to thank all those who had so generously contributed to the prize fund, not only past pupils and present pupils, but also other friends. He wished to express his thanks to the various Committees who had so successfully carried out the sports. They had worked with great energy, and deserved all the credit which could be given them. (Applause).

After Mrs. Lander had given away the prizes, Mr. Britton said that it was customary to present the lady who performed this pleasing duty with flowers. On this occasion, however, they had no flowers, but

they had a memento of which he asked Mrs. Lander's kind acceptance. This, he hoped, would serve to remind Mrs. Lander of her connection with St. Stephen's College. It was a small silver frame, with the arms of the College engraved upon it. This souvenir was handed to Mrs. Lander by Lim Seow Chuan, one of the small boys of the College.

BISHOP LANDER, rising amidst applause, said that there was an old English proverb which said that it was no use keeping a dog and barking oneself. Mrs. Lander was one of those ladies who believed in letting her husband do all the talking, and had asked him to express her cordial thanks for the frame which had been presented to her. He thought he could share the frame, so that it would serve to remind him of the days when he was connected with St. Stephen's College. It had been his privilege to be the Chairman of the College Council for 13 years, and he could look back on that period with unclouded pleasure, for no branch of his diocesan duties had given him less anxiety than Stephen's College. The College had such an enthusiastic Headmaster, so excellent a staff and such influential friends among the Chinese community that it had gone on prospering from year to year. He remembered that when he first presided at the St. Stephen's prize-giving in 1907, he expressed the hope that the College would one day be affiliated to an English University. The then Governor of the Colony, Sir Frederick Lugard, who followed him as speaker, said that the affiliation with a University at Home was a good idea, but he knew of a better—"Let us have a University here," he said. He (the Bishop) believed that this was the first public utterance in regard to the University, so that in a way, St. Stephen's College was the birthplace of the idea that later sprang into the Hongkong University. (Applause).—He thanked the Rev. Mr. Hewitt for his expression of good wishes. Both Mrs. Lander and he would always think with the greatest satisfaction of St. Stephen's College and their connection with it. The fact that they had held their sports in spite of the unfavourable weather conditions was emblematic of that determination with which everything at St. Stephen's was done, and of that spirit which was always present in the College. He was glad that two of the staff, Mr. Britton and the Rev. E. W. L. Martin, had left for war service, thus carrying the name of St. Stephen's overseas, and that they had returned safely. With such a staff and such students, there was a magnificent future for St. Stephen's College. (Applause). Cheers were called for Mrs. Lander before the gathering dispersed.

[THROUGH ROUTE'S AGENCY.]

CHINA STATION FLEET.
STRENGTH NOT MORE THAN
BEFORE THE WAR.

LONDON, April 15th.

The Times' announcement of the appointment of Rear-Admiral Borrett as Senior Naval Officer on the Yangtze indicates a reduction of the establishment of officers of Flag and Commodore's rank in China. When the present organisation was approved a year ago for the post-war fleet in China it was probably expected that a large force will be maintained in those waters, as for example, the battle-cruiser *New Zealand* was mentioned as the future flagship on the conclusion of her Empire tour with Lord Jellicoe, but she has not been allocated to this duty in the Appendix showing the new fleet organisation issued with Mr. Churchill's Memorandum on the Navy Estimates.

There is, of course, no question of any breach of faith on the subject. Although the Imperial Defence Conference of 1909 decided that the *New Zealand* should be stationed in China waters, it was announced by Mr. Churchill in March, 1913 that, in response to the suggestion of the Admiralty, the Government of New Zealand had agreed to the ship being stationed wherever the Imperial Government considered her services most valuable, and she was, consequently, attached to the First Battle-Cruiser Squadron in the North Sea.

The strength of the fleet at the China station, as revised, is thus numerically very similar to that of 1914, namely, thirty-nine pennants as compared with thirty-six before the war.

After June 5th the only difference from the pre-war organisation of commands will be the employment of a Rear-Admiral on the Yangtze instead of a Captain.

REVOLUTION IN GUATEMALA.
UNITED STATES LANDS MARINES.

WASHINGTON, April 15th.

A revolution has broken out in Guatemala, the opponents of President Cabrera having gained control of Guatemala city after street fighting.

The United States cruiser *Tacoma* has landed marines to protect foreign interests.

CABRERA GOVERNMENT OVER-
THROWN.

WASHINGTON, April 15th.

A message from Guatemala, says that many non-combatants were killed by the shell-fire of Cabrera's forces which are bombarding the city since Thursday. The city is undefended, except for volunteers armed with rifles. Cabrera's troops are entrenched at a Palmar.

GERMAN VESSELS SOLD.
U.S. SHIPPING BOARD ACTION.

WASHINGTON, April 15th.

All German vessels taken over by the Government in war-time have been sold to private interests.

WAR WEALTH TAXATION.
TO YIELD \$500,000,000.

LONDON, April 15th.

The House of Commons Committee on the taxation of war wealth has resumed its sittings.

Sir John Anderson, the Chairman of the Board of Inland Revenue, submitted three alternative schemes to meet the suggestion that a liberal abatement based on the amount of pre-war wealth should be allowed in order to cover savings and to recognise the diminished value of the pound, the duty under each scale to be limited in order not to reduce the post-war wealth. Under the first scale, which will affect 45,000 people, it is estimated to produce £100,000,000; the second scale, affecting 100,000 people, is estimated to yield £200,000,000; and the third scale, affecting 150,000 people, is estimated to yield £300,000,000. Sir John Anderson said that unless they could aim at a yield of £500,000,000, it would be questionable whether it was worth while facing the cost of the financial disturbance.

The Committee adjourned after Sir John Anderson had promised to submit the result of an investigation into the effect of a levy on businesses.

OBITUARY.

LONDON, April 15th.

The death is announced of the Most Rev. Dr. J. B. Crozier, Primate of Ireland.

The death is also announced of the Dowager Viscountess Wolseley.

THE SITUATION IN GERMANY.
ONLY POINT AT ISSUE.

PARIS, April 15th.

A Havas message says:—

M. Leon Bourgeois presided yesterday in Paris at the fourth sitting of the League of Nations.

The French papers and official circles are confident in an early accord being reached with the British. Conciliatory Notes exchanged, yesterday, between London and Paris may bring the difficulty to an end. The text of the British Note has been published. It is intimated that the only point on which Great Britain now requires assurance, is whether France will agree in future to submit her plans to the Allied Governments. The French Government is confident that a close personal of the diplomatic correspondence between the Allied Governments will prove that ample notice of France's intentions was given before the signal for advance was sent to General Degoutte's troops.

CLOUD HAS PASSED AWAY.

PARIS, April 15th.

A Havas message says:—

Lord Derby, the British Ambassador in Paris, attended a session of the Council of Ambassadors held yesterday at the Quai d'Orsay, M. Jules Cambon presiding.

The officials consider that the cloud of disturbed international relations has passed away. The Entente Cordiale between the Powers is as strong and effective as during the war.

Lord Derby had an interview with M. Millerand. The French Premier assured him that the French troops will retire from the occupied towns when the Germans have withdrawn their surplus troops from the Ruhr area.

M. Millerand had an interview, yesterday, with President Deschanel and made a statement, this afternoon, in the Chamber of Deputies.

EARLIER CABLES.

WHEN THE FRENCH EVACUATE
FRANKFORT.

PARIS, April 15th.

It is understood that when the French evacuate Frankfurt and Darmstadt, they will likewise withdraw from Homburg and Mannheim.

The German request for a three months' extension of the period in which they will be allowed to begin disarming will be the first subject discussed at San Remo.

The French will endeavour to limit the occupation to towns on the Main, and will be willing to withdraw their troops as soon as the German forces in the Ruhr are normal.

THE ANGLO-FRENCH SITUATION.

LONDON, April 15th.

A degree of tension still exists in the Anglo-French situation. Allied diplomats generally consider that all danger of a serious Inter-Allied crisis has been dispelled. It is reported that Lord Derby personally drafted the British Note, which Mr. Lloyd George approved early on Saturday before his departure for San Remo.

It is hinted that a personal interview between M. Cambon and Mr. Lloyd George would have facilitated progress, but this meeting was prevented.

Another telegram states that the Cabrera Government has been overthrown, and Carlos Herrerra has been made President.

MALTESE TREATMENT OF ENGLISH
JOURNALIST.

BESLIN, April 15th.

The British Charge d'Affaires has presented a Note demanding an apology and an indemnity for the arrest and maltreatment of Mr. Voigt, correspondent of the *Manchester Guardian*, at Larnaca.

M. MILLERAND'S VIEWS.

LONDON, April 15th.

M. Millerand, interviewed in Paris after his speech in the Chamber, again emphasised that the recent minor divergence in no wise affected the deep-rooted Anglo-French friendship. He pointed out that the French living on the left bank of the Rhine knew Germany intimately. He laid stress on the importance of a real Entente, especially at present, with a view to assuring full execution of the Treaty of Versailles and solving a number of overseas problems. France was ready to help Germany, but the latter must show a real willingness to carry out the Treaty. Hitherto she had done little respecting disarmament, the war criminals, coal, the surrender of guns, etc. Moreover, the militarist spirit still exists in Germany. He concluded that the question of the occupation of German towns had been finally settled between the British and the French, adding that "no bad feeling remains." Lord Derby is resuming his seat at the Ambassadorial Conference. Unity is as complete as ever it was.

PRO-IRISH DEMONSTRATION.

WASHINGTON, April 15th.

Altogether ten women have been arrested for picketing at the British Embassy. They will be tried by the Federal Grand Jury.

RAILWAY STRIKE IN AMERICA.
PRESENT POSITION.

New York, April 15th.

The strength of the "outlaw" Unions is waning in the Central States and the Far West, but the ranks of the strikers on the Atlantic seaboard have increased and are threatening completely to paralyse passenger as well as goods traffic.

NO FREIGHT SHIPMENTS.

Pittsburg, April 15th.

An absolute embargo on freight shipments has been announced by the Pennsylvania Railway.

WASHINGTON, April 15th.

In the Senate Senator Poindexter has introduced a Bill making all persons advising or requesting others to join strikes or interfering with inter-State commerce liable to imprisonment for 10 years or a fine of \$10,000. The measure has been referred to the Inter-State Committee.

EARLIER CABLES.

NO IMPROVEMENT IN THE
SITUATION.

New York, April 15th.

While the railwaymen of the Middle West are returning to work, the strike has spread elsewhere. There are now 40,000 railwaymen out and several hundred thousand other workers have consequently been rendered idle.

Fears of a famine in New York have been allayed through the arrival of supplies. The hotels in New York are overcrowded with marooned passengers. Many are sleeping on improvised beds in the halls. The railway stations are also crowded with sleepers.

ROME TO TOKYO FLIGHT.
AN INCIDENT OUTSIDE ALEPPO.

ALEPPO, April 15th.

A telegram from Bagdad says that two airmen on the flight from Rome to Tokyo report that Arabs machine-gunned and shot down two machines that were accompanying them, outside Aleppo. They kept the machines and allowed the occupants to return to Constantinople.

LATEST CABLES.

REBEL KURDS, NOT ARABS,
GUILTY.

ROME, April 15th.

A message from Bagdad of April 15th says that Captain Kanza, who was flying to Bagdad, was shot down by rebel Kurds, not Arabs, fifty kilometres from Aleppo. The pilot was not injured, but was taken prisoner and liberated after three days fighting by the Arabs, who recaptured the machine which was slightly damaged.

EARLIER CABLES.

UNREST IN IRELAND.
A GENERAL STRIKE CALLED.

LONDON, April 15th.

The Executive of the Irish Trade Union Congress has called a general strike throughout Ireland on April 15th, except the newspapers, telegraphs, the food supply, and humanitarian services, as a protest against the treatment of political prisoners, and demanding their release.

DISCUSSION IN THE HOUSE OF
COMMONS.

LONDON, April 15th.

In the House of Commons, Mr. T. P. O'Connor emphasised the gravity of the condition of the hunger-striking at Mountjoy, who, he said, should be treated as political prisoners. He declared that the present system of military repression in Ireland had failed, and had only driven the people to greater exasperation and revolt. He said that if the strikers died, the effect upon the already inflamed people would be deplorable.

Mr. J. M. Glynnes, supporting him, sounded a note of warning that there was the danger of Labour action in Ireland spreading to this country.

Commander Bellairs pointed out that the interned Bolsheviks in New York had behaved similarly, and the American Government had pursued the same tactics as the British.

Colonel Yates pointed out that convictions in Ireland were unprovable owing to the terrorism of witnesses.

The Irish Attorney-General urged that the arrests were in accordance with the law. The men were simply attempting suicide. Ameliorative treatment for convicted prisoners had been demanded, which Lord French had no power to give. Untried prisoners were treated under special rules. They would certainly be tried if possible, but in this connection, he emphasised Col. Yates' point. He defended the use of the military, pointing out that 10,000 constabulary were no longer able to maintain order. By the use of the military, large stores of explosive which otherwise could not have been tackled had been captured. Thus, risings in different parts of the country had been prevented.

Mr. Bonar Law emphasised that there was no possibility of a change in the decision of the Government, which must resist terrorism. The arrest of suspects and their subsequent release because evidence was threatened would make the maintenance of law and order impossible. (Cheers.)

CONSTITUTIONAL REFORM
ASSOCIATION.

ANNUAL GENERAL MEETING.

EFFORTS TO SOLVE HOUSING
PROBLEM.

The third annual meeting of the Constitutional Reform Association of Hongkong was held at the City Hall yesterday evening. There was only a moderate attendance, due no doubt to the disorganisation of traffic through the strike. The Hon. Mr. H. E. Pollock (Chairman) presided, and supporting him were the following members of the Committee: The Hon. Mr. P. H. Holyoak, Mr. C. G. Alabaster, Mr. A. R. Lowe, Mr. D. K. Moss, Mr. E. A. M. Williams, (Hon. Treasurer) and Mr. H. B. L. Dowbiggin, (Hon. Secretary).

The CHAIRMAN said: Gentlemen, during the course of this past year we have presented the members with two reports: one, an interim report of the Committee dated December 19th of last year, in which we reminded you of the meeting which was held in the Theatre and at which three resolutions were passed with reference to constitutional reform. The first of these resolutions was that as regards the unofficial members of the Legislative Council, other than the two Chinese nominated members, the principle of election instead of nomination should be applied; secondly, that the number of unofficial members should be increased from six to nine, and that the number of official members should remain as at present, namely eight, and, thirdly, that of the seven elected unofficial members, all of whom should be British subjects, one should be elected by the Hongkong General Chamber of Commerce, one by the Justices of the Peace, four, three of whom should be of British race and one of Portuguese race, by the British subjects who are jurymen, or qualified for, by exemption from, jury service, and one by the Chinese Chamber of Commerce or some other body representative of the Chinese community. Well, gentlemen, in connection with that resolution which was passed at the Theatre, as you will see from the report of the Committee, which is now in your hands, a deputation from the Committee waited upon H.E. the Governor upon the subject of constitutional reform on the 4th of February this year and found His Excellency sympathetic upon the question of, first of all, the principle of election as against nomination and, secondly, the principle of a wider electorate. His Excellency the Governor has since addressed a despatch to the Secretary of State upon the subject and, gentlemen, in view of His Excellency's being in sympathy with some, at all events, of the objects which were approved of by the meeting held at the Theatre last year, I think we may reasonably hope that some measure of constitutional reform will, before many months are over, be accorded to the citizens of this Colony. (Applause.)

But, gentlemen, as you know, this Association does not confine itself merely to questions of reform or of constitution, but as expressed in our rules, we deal with subjects of public interest connected with the Colony, and amongst these, recently, we have dealt with a problem which is of supreme importance, namely, the housing reform, and, as you will see from the report before you, I have addressed certain observations to the Government upon this subject. I think I need not deal with all this points referred to there; I will just deal with one or two. For instance, taking the first point, the granting of loans at a low rate of interest to persons desiring to build houses. Well, gentlemen, as you will have gathered, the Government has met us more than halfway upon this point, and the Government has appointed a Committee to consider the question of advancing loans at a low rate of interest to persons desiring to build houses, and I might inform you that that Committee has already begun its labours. I am not able, of course, to make any statement to you on the subject, because our proposals have not assumed at present a concrete shape, and after they have assumed a concrete shape, they will, of course, naturally have to be submitted to the Government. Our second proposal, which is aimed at the development of building facilities in Kowloon, is that the whole of King's Park, with the exception of the present golf links—which should be left as an open space—should be developed for building purposes. I am sure we all feel that that Kowloon housing question is a very pressing one and I am able to state from my own personal experience that the Kowloon Residents' Association is doing a very valuable work in that connection. (Applause.) And we do not at all propose in this Association, in any way, to take the work out of the hands of that Association. They are in close communication with the Government, and the Kowloon Residents' Association are receiving figures from the Government with regard to certain terms and other places in Kowloon, with regard to which rents are said to be excessive, and I would ask members of the public who are interested in the matter to have a little patience. It is quite obvious that the Kowloon Residents' Association cannot deal with the large numbers of firms in the course of a day, or even in the course of a few days. I have no

doubt that when they have had an opportunity of considering the figures supplied to them that the Kowloon Residents' Association will be able to put before the Government their case with regard to the reduction of rent. Of course, it is obvious that no body, either the Kowloon Residents' Association or anybody else, can approach the Government with regard to taking any definite action until they are in full possession of all the facts and figures relating to the alleged profiteering and until they have had a full opportunity of analysing the figures. Another point which we have taken into consideration, and which we have recommended, is the abolition of farming in the case of the European type of houses, and another point is the cheapening of the cost of houses by lessening the minimum heights of storeys in certain districts. Perhaps I may be permitted without impropriety to say that, with the assistance of Mr. A. E. Wright, the Building Authority, I have drafted a section for the purpose of lessening the height of storeys in districts, and I think we may reasonably hope that, within a short space of time, we may see this amendment placed upon the Statute Book of this Colony. (Applause.)

Another point which was suggested to the Government was enquiry into the possibility of using *pie de terre* or other cheap materials for building. As you are probably aware, gentlemen, there has been a good deal of correspondence in the home papers, where the housing problem is as acute as here, upon the subject of cheapening the cost of building. The other two points which are referred to in the report fully explain themselves, and I do not think I need add anything to what is stated there with regard to them. With regard to the membership of this Association, as you will see from the next paragraph of the report, we have acquired 31 new members during the past three months, and eight old members have rejoined on returning to the Colony. The Hon. Secretary asks me to state that, in case some of these old members who have returned to the Colony may have been overlooked, he would be glad if old members, who have returned to the Colony, would send in their names to him. The present membership of the Association, as you will see, is 294 and the Committee hope that members of this Association will assist by enrolling new members, and the Hon. Secretary will be glad to supply application forms for membership. With regard to the accounts, you will find on the last page of the report, statement of accounts. I think it explains itself. We had rather heavy expenses last year in connection with the hire of the City Hall for the big public meeting and advertising, but nevertheless we finished the year with a substantial cash balance of £174.50, as against £281.40 with which we started. As you know the subscription of this Association is only \$1 a year, and I think it would be of great assistance to the Hon. Treasurer, Mr. Williams, if you would kindly, as soon as possible after this meeting, send in your subscription to him without it being applied for. It would save the Hon. Treasurer a certain amount of sending round to collect the sum of \$1 from each member. With these remarks, gentlemen, I beg to move the adoption of the report and the passing of the accounts. I shall be glad if some member will kindly second that.

Mr. F. A. JOSEPH seconded and the motion was carried unanimously.

ELECTION OF OFFICERS.

Mr. F. B. L. BOWLEY proposed the re-election of the Hon. Mr. Pollock, as President for the ensuing year.

Mr. F. P. SIZOFF seconded, and the motion was carried unanimously.

The CHAIRMAN: I am much obliged to you and I hope before we meet again this time next year that we shall have received some news from home favourable on the subject of constitutional reform. (Applause.)

Mr. C. G. ALABASTER was unanimously elected Vice-President, on the motion of Mr. C. A. DA ROZA, seconded by Mr. LEO D'ALMADA.

With regard to the election of Hon. Treasurer, the CHAIRMAN said he was sure they were very grateful to Mr. Williams for the work done for the Association in the past, and Mr. Williams was good enough to say that he would allow himself to be put up again as Hon. Treasurer, and therefore he begged to move that Mr. Williams be elected Hon. Treasurer for the ensuing year.

Mr. JACOBSON seconded, and the proposal was carried unanimously.

With regard to the post of Hon. Secretary, the CHAIRMAN said he was very sorry to inform them, and he was sure they would be very sorry to hear, that Mr. Dowbiggin, owing to his being about to go away shortly from the Colony, was unable to take up the post of Hon. Secretary for the ensuing year. He was sure they felt that the Association was very much indebted to Mr. Dowbiggin for his work as Hon. Secretary for the ensuing year in Mr. L. C. Whyte and he moved that he be elected.

SIX HUNDRED STUDENTS DEMAND
TO BE TRIED.

PEKING, April 14th.

The trial of students (arrested many weeks ago in connection with certain demonstrations in the capital) commenced yesterday in the High Court. Six hundred students attended *en masse* and demanded to be tried, like their colleagues, as equally guilty.

The Court issued a proclamation to-day that such a request could not be entertained.

STUDENT STRIKE AT SHANGHAI.

SHANGHAI, April 15th.

The student's strike is in full swing. Eight thousand students, including girls, attended a mass meeting in the native city on Wednesday, at which banners were carried inscribed "Kill the traitors. Down with Government. Struggle on bravely."

The St. John's University Faculty decided that the strikers must find quarters outside.

FIGHTING AT KHABAROVSK.

LONDON, April 15th.

The Times' correspondent at Tokio, telegraphing on April 8th, says that in the fighting at Khabarovsk five Japanese officers and 70 men were killed. Four hundred Russians were killed and 1,500 taken prisoner.

Mr. W. A. DOWLEY seconded, and the motion was carried unanimously.

Mr. WHYTE expressed his pleasure in accepting office.

With regard to the election of a Committee the CHAIRMAN said that Mr. Wilkinson was going home shortly and did not wish to be re-elected.

The following Committee was then elected:—The Hon. Mr. P. H. Holyoak, Messrs. J. E. Braga, A. G. Coppin, J. L. Crockett, W. J. Crawford, C. Montague, E. A. Forbes, D. Harvey, C. S. P. Hay, E. Ormiston, W. L. Pattenden, J. A. Stevenson, S. D. Sene, F. Smyth, D. V. Farnham, D. Templeton, F. A. Joseph, F. B. Bowley and W. A. Dowley.

The CHAIRMAN: Gentlemen, we have come to the end of the regular business of which notice has been given in the advertisement and I shall be very glad if any member wishes to make any remarks if he will kindly do so, to help the incoming Committee with reference to the policy of the Association.

Mr. LEO D'ALMADA suggested for this consideration of the incoming Committee that whenever any communication of importance passed between the Association and the Government it should be published, as was done by the Kowloon Residents' Association.

The CHAIRMAN said he quite agreed with the suggestion which was a good one. Of course the difficulty about the communication of the housing question was that it partly dealt with matters of a confidential nature. He had also submitted certain information which he had obtained confidentially.

Mr. ALMADA remarked that people had been under the impression that the offer of loans for building purposes had come from the Government; whereas they really were prompted by the Association to which congratulations were due.

The CHAIRMAN said that the suggestion of Mr. C. G. ALABASTER, proposing a vote of thanks to the Chairman, said it was to be carried out, and he was sure they would be very glad to hear that Mr. Dowbiggin, owing to his being about to go away shortly from the Colony, was unable to take up the post of Hon. Secretary for the ensuing year. He was sure they felt that the Association was very much indebted to Mr. Dowbiggin for his work as Hon. Secretary for the ensuing year in Mr. L. C. Whyte and he moved that he be elected.

The vote was carried with acclamation. Mr. POLLOCK expressed his thanks, and the meeting terminated.

CEREAL SHORTAGE IN EGYPT.

COTTON GROWING MORE PROFITABLE.

The Cairo correspondent of the Morning Post wrote on February 12th:—

"When cotton rose to 150 dollars per bazaar, competent judges were of the opinion that prices had reached their highest point. Towards the end of last week quotations fluctuated in the neighbourhood of that price, and when, on a Monday last, cotton prices fell to a severe setback there was panic amongst local speculators. By the midday of the same day there was a heavy exodus to Alexandria of business men who had been purchasing the seed regularly. The general opinion was that cotton prices would react as violently, and once it began to fall, it would continue to fall until it had been crushed out of the market. The worst fears have not materialised, but the fall has incited the English spinners to have decided not to take any more American cotton, and that some are shipping to America. This news has inspired the belief that the demand for Egyptians was sure to increase, and on that interference speculators have purchased."

Yesterday I had a conversation with a Cairo broker, who spoke of the world-wide demand for cotton.

There is not nearly sufficient cotton available to satisfy the world's requirements, and the spinners must continue to compete. The profits already recorded show business to be good. Eastern Europe is slowly recovering, industrially and economically, and will soon compete for cotton supplies. The heavy demand for good grades has left little of the best staple available, and spinners, for the future, have no alternative but to draw on the lower grades, of which there is a good supply.

The huge influx of solid cash into Egypt in payment for the cotton already sold has not been an unmixed advantage. As always, the abnormal prevalence of money has lessened its value, and though comparatively only an infinitesimal percentage of the population has gained, the depleted money value has affected everybody. Further, the craze for cotton has become so great that some cultivators are now uprooting crops of foodstuffs to plant cotton. The shortage of water consequent upon the flooding of the Nile from the reservoirs last year has necessitated the restriction of the area for cereal cultivation, and this further reduction in the cereal crop means an inevitable shortage in the near future. Since the tariff has been raised there is no check upon profiteering producers, and I am afraid that the current enhanced prices for cereal foodstuffs are bound to follow the upward tendency of the cotton quotations.

TO RESTORE THE EXCHANGE
LONDON CHAMBER OF COMMERCE VIEWS.

The Financial Section of the London Chamber of Commerce, after considering the international financial situation, have submitted some important recommendations and observations which were adopted by the Council of the Chamber.

They urge that it is in the interest of the vast majority of traders in London that the exchange should be as little fluctuating as possible, so that contracts for the purchase or exchange of goods can be calculated with reasonable certainty.

That credits issued by Governments *qua* Governments are in themselves undesirable, except for the purpose of bringing about such stability, and even then are temporary in their effects. For Government credits mean Government borrowing; Government borrowing means taxes; and the less taxes, whether direct or indirect, the better for trade.

That Government borrowing, being undesirable, the very first step necessary is to make Government expenditure less than Government revenue, and the Section, therefore, welcome the pronouncement of the Chancellor of the Exchequer that expenditure is to be rigorously curtailed.

That Government trading should be stopped as far as practicable.

The Section are impressed by the growing disproportion between the paper and the gold value of the pound sterling. The earliest possible restoration of British currency to its gold value, and a return to a perfectly free market in bar gold appears to be one of the most urgent measures for ensuring the future prosperity of British finance, which is based on the balance of trade and payments.

No further credits or goods should be given to, nor should any purchase be made in, any other country by our Government, except with the previous consent of Parliament given to each separate transaction. On the other hand, if the Government of the Allies, or the neutrals, and also of former enemies, are willing to adjust their debts, and if a satisfactory scheme can be drafted, the Section think it probable that it would come as a great relief to all the world.

The Section feel that the question of an international loan trenches too closely upon international policy and upon figures unknown to them to be suitable for a positive opinion. They may perhaps express a negative one. They have not seen any scheme with a per international loan could be based, which does not present grave dangers for the future.

They sum up their deliberations by saying that they have come to the conclusion that while there is no royal road to the desired goal of stable exchanges, the primary necessity for the restoration of foreign exchange is to obtain as soon as possible the fullest possible production of goods and transport services in all countries, and a world-wide feeling of security; that this feeling cannot be obtained very quickly; and that it must, in order to be successful, extend itself to the whole world.

NOW ON SALE

THE DIRECTORY AND CHRONICLE 1920.

FOR CHINA, JAPAN, CORRA, INDO-CHINA, SIAM, STRAITS SETTLEMENTS, MALAY STATES, NETHERLANDS INDIA, PHILIPPINES, BORNEO, Etc.

FIFTY-EIGHTH ANNUAL ISSUE.

THE DIRECTORY covers the whole of the ports and cities of the Far East, from Netherlands, India to Siberia, in which Europeans reside.

Not only is the Directory as full and complete in each case as it can be made, but each Colony, Port or Settlement is prefaced by a DESCRIPTION, carefully revised each year, most of which will serve as accurate Guides for the Tourist, giving every detail in connection with the place, their History, Topography, etc.

The Information in these Descriptions, consisting of a hundred interesting articles, packed with facts concisely set out, and containing statistics of the Trade of each Country and Port, would alone suffice to fill a large volume.

Royal Octavo—Containing nearly 2,000 pages, \$11.00. Directory only, pp. 1,400, \$7.00.

The Book is printed from New Type specially reserved for the purpose, and uniformity in every arrangement greatly facilitates reference.

Besides the usual Alphabetical List of Firms the Directory gives the CLASSIFIED LIST of TRADES and PROFESSIONS at the larger Commercial Centres.

The ALPHABETICAL LIST of RESIDENTS in the Far East contains the names of over 30,000 FOREIGNERS.

arranged, with the initials as well as the Surnames, in strictly Alphabetical Order, so that any name can be found instantly.

THE M.P.S. AND PLANS

of the principal ports in the Far East have been engraved by one of the most eminent Engravers in Great Britain and are annually corrected and brought up to date.

The CHRONICLE covers the notable events together with the Texts of all the most important Treaties concluded with the countries of Eastern Asia, the various Customs Tariffs, Trade Regulations, Chambers of Commerce, Scales of Commissions, Consular and Court Fees, Hongkong Stamp Duties, Postal Guide, Signal Codes, Chinese Festivals, Tables of Money, Weights and Measures and other Commercial Information.

The CHRONICLE and DIRECTORY though condensed in every possible manner contains every year more pages, and now numbers nearly 2,000.

It is published at the Office of the "HONGKONG DAILY PRESS."
